An information about Schneider agricultural devices

Buckets: Indispensable!

SCHNEIDER universal buckets are suitable for loading, transporting and distributing a wide variety of bulk materials. These professional devices for front loaders with Euro brackets impress with their robust construction, long service life and wide range of applications.

Optimised design

Order no.	Volume	Width	Depth	Weight
125.026.216	450 ltr	1.600 mm	780 mm	180 kg
125.026.218	590 ltr	1.800 mm	780 mm	200 kg
125.026.220	650 ltr	2.000 mm	780 mm	220 kg
125.026.222	700 ltr	2.200 mm	780 mm	240 kg

Standard colour: black RAL 9005

- > **suitable for quick hitch backplate** thanks to Euro brackets
- > **high-quality, wear-resistant cutting edge** made from hardened steel 500 HB
- > **additional wear plates** on the lower side
- > **side wear plates and stiffeners** for greater mechanical stability
- > **visual position indicator on both sides**

Practice-driven development

- > **robust, low-maintenance and durable**
- > **excellent filling and emptying characteristics**
- > **for tractors of various power ratings**
- > **high load-bearing capacity**
- > **universally applicable:**
 - for light earthmoving, e.g. topsoil
 - for loading and unloading solid slurry
 - for loose silage and free-flowing bulk materials
 - for gravel, grit, sand and snow
