## BR 13x-x

## Interior lighting, already mounted

- > For perfect illumination of the load compartment, you can choose light strips on the right and left.
- > For an **insulated roof light-strips** can be **positioned in the centre.**
- There is no need for time-consuming electrical work, the LED strips are pre-assembled and wired and only need to be plugged together.
- > optinal: motion detector connection only by plugging together
